RE: CLAIM DENIAL · CPT 72148 (MRI, LUMBAR SPINE, WITHOUT CONTRAST)

Dear Provider,

The above-referenced claim in the amount of $1,840.00 has been denied.

DENIAL REASON CODE: CO-50 · These are non-covered services because this is not deemed a "medical necessity" by the payer.

Our medical review team has determined that the documentation submitted does not establish medical necessity for advanced imaging of the lumbar spine at this time. Per Meridian Medical Policy MP-IMG-114 ("Advanced Imaging of the Spine"), MRI of the lumbar spine requires documented failure of at least six (6) weeks of conservative management OR the presence of red-flag or progressive neurological findings.

If you disagree with this determination, you may submit a formal appeal within 180 days of this notice. Include the clinical notes supporting medical necessity and a letter of explanation.
